## **DENTISTRY PRACTICE DRIVES 130 MILES TO HAVE FLEET WRAPPED**

*Smile Innovations of Richmond Hill, Georgia drove 130 miles to have JaxWraps in Jacksonville, FL wrap their fleet of nine vehicles with high impact fleet advertising.*

Jacksonville, FL – January 15, 2007 – JaxWraps, a Jacksonville-based fleet advertising company, is making a name for itself outside of Jacksonville.

Recently doctors Philip Copenhaver and William Trout of Smile Innovations in Richmond Hill, GA hired JaxWraps to design, print and apply custom artwork using 3M's top-of-the-line adhesive back vinyl and laminate for their fleet of nine 2007 Chevy HHRs. Initially the doctors heard about JaxWraps through the company they leased their fleet through.

"I did a lot of research regarding which company to go with. Most of the local companies were not quick to return my calls and it felt like the job was too much for them to handle. JaxWraps was friendly, courteous, and returned my calls promptly. They also offered warranties that other companies did not offer." said Dr. Copenhaver.

The entire Smile Innovations team was so impressed that they quickly placed another order for two Jeep Wranglers and an RV to be wrapped by JaxWraps.

"The response has been overwhelming," added Dr. Copenhaver. "Since unleashing the cars I've been getting tons of phone calls everyday at work, on my cell phone and even my house line with people telling me that they saw the cars and loved them."

JaxWraps has also wrapped fleets for Moe's, Bono's and Turner Pest Control. JaxWraps offers a Fleet Owner Program catering to fleets of 10 or more vehicles that provides regular maintenance, re-wrap discounts, and many other advantages.

## **About JaxWraps**

JaxWraps, a Jacksonville-based vehicle wrap and custom graphics house is a full service fleet advertising company specializing in high-impact visual solutions in the forms of wrap and vinyl-cut applications. In addition to single vehicle and boat wraps JaxWraps also offers Fleet Advertising Programs for fleets of 10 or more vehicles. JaxWraps completes everything in-house from concept to completion, initial artwork through final installation.
